

Rollup Banner Instructions

Please submit all
artwork as a
CMYK PDF

- All images should be at least 150dpi.
- All fonts and images should be embedded.
- Crop marks and bleed are not necessary.
- File size is 33.5"x82".

PLEASE NOTE: When designing your artwork, keep in mind that the bottom 5" will be lost into the roll at the bottom of the banner hardware. Extend any background images past the 77" mark to avoid a white area from the stock at the bottom.

- Please keep text and important graphics .25" away from all edges.
- Please refer to the diagram on the right for clarification.
